Deibyd Barragán

Full Stack Web Developer

deibydbarragan@gmail.com | linkedin.com/in/deibyd-barragan-68b59018b | github.com/DeibydBarragan
deibyd-barragan.vercel.app | Bogotá, Colombia

PROFESSIONAL SUMMARY

Full stack web developer with hands-on experience building frontend applications using NextJS, React, JavaScript, TypeScript, Tailwind CSS, and HTML, along with a variety of component libraries. Skilled in backend API development with Spring Boot, Express, and Laravel, as well as relational databases (SQL, MySQL, PostgreSQL) and NoSQL databases (Firebase, MongoDB), with additional experience integrating artificial intelligence solutions.

Passionate about continuous learning, with strong communication and problem-solving skills. Able to convey technical concepts clearly and contribute effectively as part of multidisciplinary teams.

EXPERIENCE

STEAM Lab – Universidad Nacional de Colombia

Development Collaborator | 10 months · 8 hrs/week (4 semesters)

- Automated lab statistics reporting using Power BI.
- Designed and built an equipment and advisory request management system.
- Implemented an AI-powered chat assistant for information access and student guidance.
- Developed a web-based driving system for an AWS DeepRacer car using web technologies and Linux.
- Led programming workshops and provided peer tutoring to the university community.

Certifications: *Python Instructor · AI for Life Instructor* – issued by Universidad Nacional de Colombia.

DUSCUN Platform – Universidad Nacional de Colombia

Frontend Student Assistant | 4 months · 10 hrs/week

- Built the frontend of a civil engineering project management platform (duscun.vercel.app).
- Implemented using NextJS, Tailwind CSS, and React in a multidisciplinary team.
- Co-developed a calculator to estimate concrete pore solution conductivity.

Academic & Personal Projects

Independent Developer | 6 months (alongside university studies)

- Academic projects with Node.js, Electron, SQLite, React, and JavaScript applying agile methodologies.
- Built REST APIs with Spring Boot, Express, and Laravel using MySQL, MongoDB, and Firebase.
- Personal projects using NextJS, React, Tailwind CSS, and various frontend libraries.

EDUCATION

B.S. in Systems & Computer Engineering

Universidad Nacional de Colombia

2023 – Present (6 semesters completed)

Focus on programming, algorithms, data structures, databases, and software development with Java, TypeScript, Python, and SQL.

Intermediate Backend Development

Univ. Distrital F.J. de Caldas

2023 · 5 months (Todos a la U)

API design with Spring Boot (Java) and Express (Node.js); relational and non-relational database architecture.

Software Programming Technician

SENA

2022 – 2023 · 9 months

High School Diploma (Technical)

Colegio El Porvenir IED

2020 · Cultural Project Management

TECHNICAL SKILLS

Frontend

NextJS · React · TypeScript · JavaScript · Tailwind CSS · HTML · CSS

Backend

Spring Boot (Java) · Node.js · Express · Laravel (PHP)

Databases

PostgreSQL · MySQL · MongoDB · Firebase · SQLite

AI & Data

LLM Integration · Power BI · AWS DeepRacer

Languages

FEATURED PROJECTS

Pretty Exam – Autonomous Study Tool
Platform to create, manage, and take personalized exams using a custom question bank, with AI-powered automatic question generation. Repo: github.com/Bellic12/2025-1_IngeSoft1

EPS Rest API – Medical Appointment Manager
Spring Boot + PostgreSQL API for managing appointments, patients, and doctors with full CRUD operations and filtering by ID and specialty. Repo: github.com/DeibydBarragan/eps-spring-rest-api

Sena Food-Site – Self-Managed E-Commerce
Restaurant application with product, order, and user management in a responsive, user-friendly interface. Repo: github.com/DeibydBarragan/sena-food-site

JavaScript (Int.) · TypeScript (Int.) · Java (Found.) · Python · PHP (Found.) · SQL

Tools

Git · GitHub · Vercel · Electron · Linux · Docker

SOFT SKILLS

- Self-taught & continuous learner
- English proficiency B2
- Effective communication
- Problem-solving
- Team collaboration
- Accountability & responsibility
- Teaching & mentoring
